

Frequently Asked Questions

I have paid for my campsite but no longer need it, what are my options?

Contact GCFY as soon as possible at info@gcffy.org. GCFY can refund your full campsite payment fee at full price if you contact by July 1 and likely after that date as well. If your reason to camp is a one-time reason such as the loss of a project animal, the camper can ask to have their name be placed at the top of the campsite waiting list and likely will get a site the following year. If the special campsite parking permits have been **issued**, those passes must be returned before a refund will be offered.

Can I set up my campsite prior to 12:01 a.m. on the Friday before the fair?

No. No matter the reason the answer will be No unless you have \$500 to pay to GCFY. Anyone who still sets up the campsite will be issued a fine of \$500 in order to continue to camp or your campsite privileges will be forfeited and you will be removed from the fairgrounds. Why? The fair needs to allow for time to ensure campsites are mowed and most likely the campsite boundaries will be painted.

Can I move my campsite?

Yes, if a campsite is available. If you are interested in moving, put a description of where you would like to be located on the front of or attached to your campsite reservation form and the fair will do the best it can to accommodate your request prior to inviting campers from the waiting list. Requests can only be filled based on availability.

We have more than two cars at the fair, can we park them at our campsite?

See Rule #12

Can we have an Off-Road Vehicle (ORV) at the fair?

Yes. ORVs must be registered at the fair office. Paperwork can be found in the fair form section of www.gcffy.org. There is a fee to register an ORV. ORVs are not considered an extra vehicle and may be parked at your campsite provided the ORV is properly insured and is displaying a current GCFY permit.

**** IN CASE OF SEVERE WEATHER****

We will use the Armory for our shelter. If the Board is alerted to severe weather in the area; we will alert the people at the fairgrounds with our PA system and megaphones. We will go through the campground at night if we are notified at that time as well. Please remind your family that they should go directly to the armory and NOT back to the campers to find each other; you will be able to find your complete family members when you are all at the armory and safe. **There is a gate behind the restrooms at the end of the horse arena that can be used to get from the fairgrounds onto the armory property. You will still need to go to the front of the armory building in order to get into the building.**
